INTERNATIONAL CALLS
Making international calls from the US to France: First dial “011” (for international call), followed by “33” (the country code), then the specific area code (dropping the first zero) and location number.

Making international calls from France to the US: First dial “001” followed by the U.S. city area code and the seven-digit telephone number.

Time Differences: Central European Time (CET) is ahead of Eastern Standard Time by 6 hours, Central Standard Time by 7 hours, Mountain Standard Time by 8 hours, and Pacific Standard Time by 9 hours. Daylight Savings Time changes often occur on different dates in the UK than in France.
ACADEMICS MATTER

This program is first and foremost an academic one, so you should be prepared to invest as much time, effort and thought into your coursework as you do on your home campus.

Since classes are small, you will have more interaction with your fellow students and with faculty than you have on main campus. There will be a greater emphasis on participation in class discussions and attending organized excursions may be required for some courses. This means you must be prepared to maintain a high level of performance by being an active and committed participant in your class.

TUTORING RESOURCES

There are a number of tutoring resources available at Florida State University to assist you academically, both in Tallahassee and abroad. Online tutors in many subject areas are available through the following programs:

- Reading & Writing Center (RWC) - http://wr.english.fsu.edu/Reading-Writing-Center/RWC-Online
- Academic Center for Excellence (ACE) - http://ace.fsu.edu/
- University Libraries: Office of Distance Library Services - https://www.lib.fsu.edu/department/distance-learning

OFFICE OF ACCESSIBILITY SERVICES (OAS)

OAS provides reasonable and appropriate accommodations for students with documented disabilities. Documented disabilities and accommodations vary in nature, and though the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 do not apply extraterritorially, we do our best to accommodate our students. If you anticipate needing to request accommodations for a documented disability, please schedule an appointment with OAS by calling 850-644-9566 (Voice) or 850-644-8504 (TDD). For more information, visit https://dsst.fsu.edu/oas.

CLASSES

Students take classes at the Institut Catholique, one of Paris’ most prestigious language schools. Classes are taught entirely in French by native French-speaking faculty. Students will take a placement test on the first day of courses and will be placed in the language course most appropriate to their level of understanding. The courses you sign up for at Florida State are the courses you need to fulfill your language requirements but are not necessarily the same content as the course material at the Institut Catholique. The courses you take at the Institut Catholique line up with the European Framework for languages (A1/A2 for beginners, B1/B2 for intermediate, and C1/C2 for advanced). The instructors will assess the students’ level and teach accordingly.

Class at the Institute Catholique rarely require a textbook. You will receive this information from the instructor on the first day of class. If there is a textbook required, you will be able to purchase it at a bookstore in Paris for around €30.

FSU ENHANCEMENT PROGRAMS RELATED TO STUDY ABROAD

FSU students are encouraged to get involved with the Garnet and Gold Scholar Society and the Global Citizenship Certificate program. These two resources provide special recognition as global-ready graduates.

The Garnet and Gold Scholar Society

garnetandgoldscholar.fsu.edu
garnetandgoldprogramsfsu.edu

The Garnet and Gold Scholar Society program facilitates involvement and recognizes the engaged, well-rounded student who excels within and beyond the classroom in the areas of:

- Leadership
- Internship
- Service
- International
- Research

A student who has met the criteria in three of the five areas is eligible for consideration.

All study abroad programs organized through the International Programs Office qualify for the international experience portion of the International Area.

The Global Citizenship Certificate

gpe.fsu.edu/globalcitizen

globalcitizensfsu.edu

The Global Citizenship Certificate program helps undergraduate students develop invaluable cross-cultural skills and global competencies needed to be a global-ready graduate.

Students who enroll in the certificate take 1 required course, Global Perspectives, and 5 electives. The required course counts toward FSU Liberal Studies X, E-series, and writing requirements. Students can choose from 500+ courses to fulfill the elective course requirement.

In addition, students participate in 8 intercultural events on campus and a sustained international experience abroad, which you are about to do!

Enroll in the Global Citizenship Certificate before you leave to ensure your study abroad experience counts toward the certificate.
You should expect to adhere to any entry requirements that may be in place at the time of your program, including submitting proof of a negative COVID-19 test result prior to departure/upon arrival or proof of COVID-19 vaccination. Updates about entry requirements will be provided through the IP Student Portal.

Once you are notified by International Programs to book your travel arrangements, you must submit your flight itinerary through the IP Student Portal. All flight information will be provided to the program staff. It is important that they receive this information in order to monitor student arrivals.

We strongly advise you to purchase airfare and travel insurance directly with the airline when booking your flight; travel insurance typically covers flight cancellation fees, lost luggage, or other losses incurred while traveling, etc. Speak with your airline for details. Click here for more information about travel insurance and trip cancellation policies. Note: Airfare costs are not included in your program fee, and FSU will not reimburse any costs or fees associated with flight changes or cancellations due to COVID-19 should they occur.

- Keep your boarding pass until you have landed, cleared immigration and customs, and have collected your luggage.

- Have your passport accessible in your carry-on luggage.

- During your flight make sure to drink lots of water to stay hydrated. Get up and walk around once an hour to help your circulation. Do simple stretches while in your seat. Try to sleep; it will help you combat jet lag. Wear layers, as the temperature on the plane and in airports can vary.

- You should expect to be required to wear a mask throughout your flight, including in connecting airports. You may also be required to wear a mask upon exiting the plane until you check into your apartment.
ARRIVAL IN FRANCE
There is no airport pick-up, but getting to Cité Universitaire via RER from the airport is relatively easy. Here are the directions to the Cité Universitaire from Charles de Gaulle (CDG) airport:

Follow the signs to the RER station; purchase a one-way ticket (aller), which should cost about €10. Board the train going in the direction of Cité Universitaire. The train makes about sixteen brief stops, but you do not have to make any changes. When you get to stop called “Cité Universitaire”, go out the one available exit. **Be sure to keep your ticket because you will need it at the Cité U. exit.** Put the ticket in the machine—it will go through and then pop up. Pull the ticket out of the slot and the gate will open. When you get upstairs, the Cité Universitaire will be right in front of you across a very busy street.

Once across the street, turn right and walk down **boulevard Jourdan (stay on the main boulevard)** for about 5 minutes or less to an entrance where you will see the Maison des Provinces de France. *(Address: 55 boulevard Jourdan, you may enter via gate 47 or 57.)*

Another option is the Paris Shuttle (about 31 euros for a single rider or cheaper rates for up to 8 people – feel free to share with other program participants). This service will provide you with a van lift from the airport directly to the Cité. To make a reservation prior to leaving the U.S., go to their website at http://parishuttle.com. They will give you detailed directions on what you will need to do upon your arrival in Paris. You can book and prepay online. Keep your booking confirmation with your carry-on luggage so you can access it when you arrive in the airport. When you arrive in the airport, look for a France Télécom public phone (near the exit doors of the terminal. It is the only one you can use to call the shuttle) and call the Paris Shuttle hotline for free using the telephone number on your booking confirmation to notify an agent that you have arrived. The agent will instruct you which exit to wait for your Paris Shuttle van. If arriving before 7 AM or after 11 PM, you should coordinate a pickup spot with the Paris Shuttle company prior to landing since the hotline will be closed. This service is cheaper the more people you book the reservation with (up to 8). If booking with other participants, be sure to coordinate where you will meet when you land prior to your departure. Also exchange phone numbers so you can notify each other if you are delayed. The Paris Shuttle will not honor your reservation if you are late.

If your flight is canceled, delayed, or you miss a connection, contact International Programs staff via email or phone.

Program Housing rooms will be available from 5:00pm on the start date of your program. All orientation/welcome activities that take place upon arrival are mandatory. There will be an on-site orientation at 7:00pm on July 1. **The on-site orientation is mandatory for all students.**

You must check out of program housing by 9:00am on the morning of the last day of your program. You will be responsible for getting yourself to the airport in time for your departure.

TRANSPORTATION
You will have little difficulty getting around Paris. The city’s subway system, the Métro, is comprehensive and easy to use. You will have a metro pass (Carte Navigo) which provides you with unlimited metro travel for the duration of the entire program. There is also a bus system. You will receive more information about transportation in your on-site orientation in Paris. Of course, there are guidebooks and maps you can buy while you are in Paris. You will find you will do a great amount of walking in Paris, so bring walking shoes! Consult http://www.ratp.fr for planning your transportation within Paris.
Housing

You will be housed in single, dormitory-style rooms at the “Cité Universitaire,” an international student community in southern Paris. Each room has a bathroom, small fridge, Ethernet cable, full-size desk, and a land-line telephone. There is Wi-Fi throughout the facility. You will have access to kitchen facilities; there are four located in the building. Kitchen utensils and cookware will be limited, if they’re provided at all, so you may wish to purchase a few items upon arrival to share with your fellow students if you wish to do a lot of cooking. Washing machines and dryers are located within the residence and are less expensive to use than “outside” laundromats. Students are responsible for making their own beds and for keeping their rooms reasonably tidy. Light cleaning is provided by the Cité Universitaire, but you will have to cooperate by keeping your living area tidy. You should note your floor’s cleaning schedule posted on the bulletin boards of each floor.

Bed linens are provided and will be laundered every other week. You must supply your own washcloths and towels, so it is recommended you bring one set to start with and buy more as needed once you arrive.

Living and studying in your room will be very similar to a dormitory living at a typical college campus. Convenient shops, markets, grocery stores, bakeries, and dry-cleaning businesses, etc., can be found throughout this area.

All housing accommodations provide comparable facilities; however, we cannot guarantee that each residence will have the exact same amenities. Each student housing facility has safety and security measures, which may vary by location.

Rooming assignments will be made based on a combination of factors such as type of program, housing preference, availability, and special needs as indicated in the information you provide on the Medical, Special Needs, Housing questionnaire in the IP Student Portal. You will receive your roommate assignments during check-in to program housing. Roommate assignments are made by our staff and cannot be changed.

During your on-site orientation, you will be advised of the Housing Rules & Regulations. Violation of any of the housing policies is grounds for dismissal. It is your responsibility to familiarize yourself with the housing rules and regulations for your specific program. Refer to the FSU International Programs Contractual Agreement and the Housing Terms and Conditions for details. You are required to sign the FSU International Programs Contractual Agreement as it outlines your contractual obligations as a participant on our program.

At the end of the program, the housing facilities will be inspected. They should be neat, clean and in the condition in which they were found. If your housing is left in an un-fit state or if any damages are found upon your departure, additional charges may be assessed to your FSU account.
Personal Travel, Climate & Packing

PERSONAL TRAVEL
Due to the uncertain nature of the COVID-19 pandemic, all program elements including the program calendar, weekly schedule, classroom environment, course delivery method, housing arrangements, transportation policies, and international or in-country travel restrictions are subject to modification at any time in order to comply with local public health restrictions as well as the policies and practices of Florida State University.

FSU’s current independent travel policy allows students to travel independently commensurate with any local, national, or international guidance and restrictions. Independent international travel is not recommended.

FSU will continue to review its independent travel policy as conditions abroad change, but there is a possibility independent travel could remain restricted or limited during your program. Failure to adhere to the independent travel policy could have significant consequences, including potential removal from the program.

Please wait until you have arrived and received your class/program schedule before you book any independent trips.

Do not plan travel that will cause you to miss classes or other required programming; strict academic standards are maintained on programs. Your grade may be reduced by any unauthorized absence from class.

For safety purposes, you will be instructed by International Programs to fill out a mandatory online independent travel form each time you plan on traveling outside of your program. More information will be provided to you in the IP Student Portal prior to departure.

CLIMATE
The weather is going to play a large role in how you pack for your time abroad. Monitor the weather before departure and research climate trends for your location to pack accordingly.

During July, Paris has an average daytime temperature of 78º and an overnight low of 61º. It can be fairly rainy, and on some days during the summer the city may feel rather sultry. Europeans, in general, do not have air conditioning in many buildings. There is no AC in housing or classrooms. Due to heatwaves in recent years, we recommend bringing a small, handheld fan. Some students in the past have also purchased small fans for their rooms. We advise that you bring some warmer clothing with you for chilly evenings and a raincoat. There will be a couple of fancy dinners, so you are advised to pack one nice outfit.

PACKING
All airlines have different policies regarding the number, size, and weight of bags allowed on domestic and international flights. Fees for having too many bags or exceeding size and weight limits are steep, and also vary by airline. It is important that you determine the restriction on your particular airline before you pack. Please be aware that you will be responsible for carrying your own bags, packs, etc. Restrictions regarding carry-on baggage are different for each airline and sometimes vary depending on your originating, transferring and/or terminating airport. Also, requirements change based on current events. It is imperative that you check your specific requirements prior to your departure and plan accordingly.

Ensure your bag has a luggage tag with your name, address, and final destination. It is recommended that you pack 1 or 2 outfits in your carry-on in case of flight delays/cancellations or lost luggage.

We recommend researching ways to access a textbook as an eBook (electronic book) through the FSU Bookstore, FSU Libraries, Amazon, or other online sites. Keep in mind that not all textbooks are available as e-books. If you wish to ship textbooks or other course materials to your study abroad location, reference the Mail section of this document and contact the International Programs office with any questions. Plan to bring textbooks and other required course materials with you. You will receive information from the International Programs office when it is time to register for classes with details about textbooks. As a reminder, textbooks are not included in the program fee and will most likely need to be purchased prior to departure.

Make several photocopies of the pages in your passport that contain the issue date, your signature, and your photograph. Leave one copy at home with your family and take another copy with you in case your passport is lost or stolen. Carry a copy separate from your passport when you are traveling.

You should not bring any valuable or sentimental items such as jewelry, expensive watches, expensive cameras, or keepsake items you would regret losing.
Communication & Electronics

**COMPUTERS**

Wi-Fi is available in Program Housing.

Students should plan to bring a laptop or tablet with them. Students will need their laptop/tablet during any periods of quarantine or isolation that may be required. We recommend doing the following prior to departure:

- Bring a plug adaptor so your computer can charge on a foreign outlet.
- Check your homeowner’s insurance to make sure that your computer is covered when you are away from your primary residence. If not covered by your homeowner’s insurance, you may look into insurance through [http://www.safeware.com/](http://www.safeware.com/), a worldwide insurance provider for all electronic devices (e.g. laptop, digital camera, iPod, etc.). They also have a provision for non-electronic personal property.
- Do NOT pack your laptop or laptop charger in your checked luggage.

**MAIL**

Please share the following information with those in the US who are interested in sending you mail while you are abroad.

The French mail system is generally very good. Airmail will usually take from 7-10 days. Use international airmail stamps; regular mail will cause your letter to go by boat, taking about six weeks to deliver. When sending packages overseas, neither overestimate nor underestimate the value of the materials in the package. You will pay up to 30% customs duty on the amount shown as the insured price. There should be no commercial value on the package.

You should have your mail sent to the address listed for the Maison at the Cité Universitaire that you will receive one month before arrival, with your name on the first line. Letters sent to you will be delivered to the reception desk of the Maison. Important note: You must check with the receptionist to see if you have a letter. Packages and letters sent via expedited services and private carriers WILL NOT be delivered to the Maison. You will have to go to the post office where the parcel has been delivered, along with your reception airbill in order to pick these items up.
EXPENSES WHILE IN FRANCE
In estimating your financial needs while abroad, calculate the amount of money you will need for meals for the entire period of your stay; costs for your personal entertainment and social activities.

CURRENCY
France uses the Euro as the national currency. Exchange some dollars ($75-$100) for euros before you leave the U.S. Don’t exchange more than $100; you just need enough to get you to Paris and to a bank abroad.

You can reference the current exchange rate online.
INOCULATIONS/MEDICAL CONCERNS BEFORE DEPARTURE:
We encourage all students with underlying health issues that may increase the severity of infection should they contract COVID-19 to discuss their study abroad plan with their doctor/specialist.

Florida State University requires certain immunizations prior to your registration for classes. All newly admitted degree-seeking students (freshman and transfer) and non-FSU students will be asked to complete and submit the required Student Immunization Form through the IP Student Portal.

Familiarize yourself with the specific requirements and health matters in your program location. The FSU Health and Wellness Center offers a travel clinic which provides immunizations. Click here for additional information available through the Centers for Disease Control and Prevention’s site. Some countries have specific requirements for inoculations based on past locations the traveler has visited. It is the student’s responsibility to confirm whether or not the previous travel requires additional inoculations.

WHILE ABROAD:
Your program fee includes international medical and evacuation insurance coverage through Cultural Insurance Services International (CISI); Click here to access the policy online. The coverage will be effective for participants from the day the program starts until the day the program ends. It includes coverage for treatment of ill students, including those with COVID-19, as well as COVID testing for those who are symptomatic, or those who have had a known exposure to a person who tested positive. It does not cover preventative evacuation due to pandemics or preventative treatments such as vaccinations. There are Teleconsultation Services available. This policy is NOT intended to replace your domestic coverage.

France has an excellent health care system. Students in need of emergency care will likely be treated at the nearby Service des Urgences - Hôpital Cochin, 25 Rue du Faubourg Saint-Jacques which is a 10 minute drive from program housing. Emergency care is 22 euros at the time of service.

Less urgent situations should be treated in one of the many nearby general practitioner or walk-in clinics. These visits will incur a fee, which students are responsible for paying upfront (25 euros). The Centre de santé du Square de la Mutualité on 19b Boulevard Jourdan is a 3 minute walk. It offers general medical care.

ALCOHOL AWARENESS & ILLEGAL DRUGS
The legal age for the drinking of alcohol in France is 18. This means that you will likely have the opportunity to buy and drink alcohol legally. It is in your interest to recognize that this right carries a great deal of responsibility. FSUIP has a strict code of conduct relating to the use of alcohol, violations of which will likely result in a judicial hearing with the possible outcome of being dismissed from the program. In short, know your limits, and drink in moderation if you choose to do so, but not to excess.

Florida State University has a zero-tolerance policy regarding the possession, use, manufacture, production, sale, exchange or distribution of illegal drugs by students participating in FSU study abroad programs. Violation of this policy may result in immediate dismissal from the program and disciplinary action onsite or upon return to campus. International Programs’ policies follow either the U.S. law or local law, whichever is more stringent with regard to drug use. For complete information on student judicial processes, victim rights, and appeals see the Student Conduct Code: https://sccs.fsu.edu/.

MAPPING YOUR IDENTITIES
Our Mapping your Identities guide will help you explore your identities and evaluate your overall wellness to aid in your preparation for a successful and enriching study abroad experience. It will also help you understand others on your program and be better allies for them.

We also recommend doing the following:
• If you wear glasses or contact lenses, take an extra pair and/or the prescription.
• Complete routine medical and dental care before you leave.
• A tetanus booster shot is suggested if you have not had one within the past 10 years.
• A flu shot is also suggested prior to departure.
RULES, POLICIES & PROCEDURES
Florida State degree-seeking, transient, and special students are bound by the rules, policies, and procedures set forth in the FSU General Bulletin and Student Handbook. It is your responsibility to familiarize yourself with these before you leave. You may locate the FSU General Bulletin online at http://registrar.fsu.edu/ and The Student Conduct Code at https://sccs.fsu.edu/conduct-codes/student-conduct-codes. The Office of Student Rights and Responsibilities updates any changes to the Student Conduct Code.

SAFETY & SECURITY
Our highest priority is the welfare and security of our students, faculty, staff and facilities. We have emergency plans in place for each of our locations and work closely with our insurers and 24/7 emergency response providers to monitor and respond to all situations worldwide. It is our policy to follow guidance from the respective U.S. Embassies, U.S. State Department, as well as local officials and keep students apprised of any new information. For more information on IP’s security policies and procedures, please contact our Director of Risk and Emergency Management, Chris Carroll at 850.644.7823 or ccarroll@fsu.edu.

- **Resources.** Even though you are not on the main campus, you have access to many resources should you encounter issues while abroad. Program staff members are available to support you in a variety of ways, including connecting you with other professionals locally and/or on the main campus.
  - **Victim Advocate Program.** The University takes very seriously all types of victimization, including sexual violence, relationship violence, and domestic violence. Advocates are available and on-call 24 hours a day to provide confidential support services, even for students who are abroad. For more information on the Victim Advocate Program, visit [http://victimadvocate.fsu.edu](http://victimadvocate.fsu.edu).
  - **Counseling & Psychological Services at FSU.** Counseling and Psychological Services is a welcoming and confidential place to discuss questions and concerns such as homesickness, struggles with relationships, sexual identity, cultural issues, and more. Visit [https://counseling.fsu.edu/](https://counseling.fsu.edu/) for more information.
  - **Center for Health Advocacy & Wellness.** The Center for Health Advocacy & Wellness encourages you to make healthy lifestyle decisions that facilitate academic success and lead to life-long health and wellness. For more information, visit [http://chaw.fsu.edu/](http://chaw.fsu.edu/).
- **The U.S. State Department** maintains a web site of information for Americans studying abroad, including current travel advisory warnings at: [http://studentsabroad.state.gov/](http://studentsabroad.state.gov/).
- **The Smart Traveler Enrollment Program (STEP)** is a free service provided by the U.S. Government to U.S. citizens who are traveling to, or living in, a foreign country. STEP allows you to enter information about your upcoming trip abroad so that the Department of State can better assist you in an emergency. We strongly recommend you register here: [https://step.state.gov/step/](https://step.state.gov/step/).
- **Waivers.** All IP participants must sign and submit a general Waiver of Liability & COVID-19 Waiver through the IP Student Portal.
- Be aware that you are subject to the laws of the country in which you are traveling.
- Always carry a photocopy of the picture and signature pages of your passport with you. Keep another copy in your room separate from your passport. Leave one copy at home in the U.S. with your family or a relative.
- Use the buddy system—try to travel with friends as much as possible and always tell your roommates or friends where you are going and when you expect to return. Bystander intervention is a powerful opportunity and responsibility for those within our community.
- **Valuables.** Students should not take sentimental valuables on their program. Students should not leave cash, passports, or other items of value unattended in their rooms. If a locker or safe is provided, students are strongly encouraged to use it to store anything of value at all times. Students should plan regular visits to the cash machine rather than leaving large amounts of cash in their rooms. Students are responsible for ensuring their rooms are left secure at all times – do not prop open doors, do not leave doors open and windows unlocked, do not give keys to anyone. If students notice others in the building leaving the main entrance door unsecured, they should notify program staff immediately, even if there are others living in the building who are not FSU program participants. Students are strongly encouraged to purchase insurance that will cover their belongings while abroad, whether a standard homeowners or renters policy. The International Programs insurance policy does not cover loss or theft of participants’ possessions.
- **Pickpocketing.** In most large cities throughout the world, pickpocketing is the most common crime and can happen anytime, anywhere! We caution you to always be aware of your surroundings. Beware of strangers who try to distract you with papers, boxes, or strange gestures. Smartphones and purses are often stolen in crowded areas, cafes, restaurants, and pubs. Keep them close to you and within your own sight, but out of the reach of strangers. Secure your valuables when you use public transportation, especially if you are travelling on an overnight train/coach.
- **Weapons.** Students are strictly prohibited from keeping or using firearms, knives, weapons (including pellet, air guns, paintball guns or other dangerous articles or substances). Furthermore, mace and/or pepper spray may be illegal in the countries that you visit. It is your responsibility to know the laws regarding weapons in the host country if you intend to bring any item for self-defense.
Tips & Resources

TIPS FROM STUDENTS ON WHAT YOU SHOULD KNOW
These comments came from students who recently attended our study abroad program in Paris:
• It does get hot in the summer - purchase a small fan when you get to Paris for your room
• Leave space in your bag to bring home souvenirs
• Pack layers because it can be very hot and very chilly in Paris
• Pack a very small umbrella and raincoat
• Pack a nice outfit for fancy dinners
• Bring walking shoes!
• If you carry a bag or purse, it is recommended to bring one that zips closed and can cross your body.

ONLINE RESOURCES
The more information you find out about the country beforehand, the better off you will be once you get there. Here is a list of a few web sites that may be helpful as you begin your information search:
https://letsgo.com/ (online travel guide)
http://www.state.gov/travel/ (US State Department’s information for Americans living abroad)
https://nolesabroad.international.fsu.edu/ (FSU International Programs blog with articles from former program participants)

USEFUL APPS
Jimo (social recommendation app for local spots)
Dark Sky (With down-to-the-minute forecasts, you’ll know exactly when the rain will start or stop, right where you’re standing)
Mobile Passport (Authorized by US Government to get through customs upon return to the US. Allows you to use the dedicated mobile passport line in 21 participating airports)

(Note: Florida State University is not responsible for the content of external internet sites.)

Last Updated 3/9/2022

All of the information in this packet is accurate at the time of publication. As we have referenced in several other documents, forms and websites, the nature of the COVID-19 pandemic is such that all elements of our programs are subject to change. We will do our best to update this packet and notify you as changes occur.
